TO MAKE BIG CLAIMS in print, to say my Furniture "is the best, requires but a stroke of the pea and a little printer's ink; to back up the claim with the proof is a more difficult matter. None of my would-rivals ever dare attempt to show in what respect their goods are "the best," "Not this evening, some other evening," is what they say the saked to give any solid reason for their claim, that they keep, "the best goods.
